**M**arcy Johnson, The Woodlands' leading sales professional, is a multi-talented woman who has received Realtor top awards since she began her career in 1978. Johnson is rated in the top eight percent of Prudential Real Estate Professionals Nationwide, a company that produces in excess of \$30 billion residential sales annually.

"She is the consummate professional – personable, kind, knowledgeable and keenly savvy," Ken Brand, sales manager of The Woodlands Prudential Real Estate office, exclaims. "She is all these things with a graceful smile, execution and delivery."

Real estate success runs in her family. Her mother, Patsy Bohannon, was honored as Texas Realtor of the Year in 1985. Currently, four generations of their family live in The Woodlands. Because of her love for the local community, her family was featured in The Woodlands marketing video and print ads.

A busy schedule as a realtor has not kept Johnson from exercising her creative side. She is the inventor of Zilch Sugar Free Margaritas; her son Eric runs the day-to-day business of Zilch. Their hugely successful margarita mix is available in stores and online at [www.zilchmixers.com](http://www.zilchmixers.com).
